## Special Borough Council Meeting Regarding Parking on East First Avenue June 28, 2018

There will be a special Trappe Borough Council meeting held at **7:00 PM, June 28, 2018 at Trappe Borough Hall** to gather public input on possible changes to vehicle parking on East First Avenue and other Borough business.

The Borough is in a multiyear process of replacing all the street signs in Trappe. We plan to begin with stop and no parking signs. This is being done because some of our signs are faded and do not meet current retroreflectivity standards.

In addition, given the narrow width of East First Avenue between W. Main Street and College Avenue and the current two-way traffic, it is thought that all options should be discussed and considered.

Some options are no change, no parking, and no parking on one side and making the street one way from Main Street to College Avenue.

We plan to have a traffic engineer attend to review options and receive homeowner input.

We hope to hear from you at the meeting.
