Shed Permit Application

- As the property owner, you are responsible for locating / verifying your property lines.
- By definition, a shed is "a building, with or without a concrete slab or footing, **not in excess of 12' in depth nor 12' in height** from lowest point in grade to peak or ridge of the roof," that is, 144 sq. feet. Anything larger is considered an "Accessory Building," requiring a Building Permit.
- Building setback information: *

DISTRICT	BOROUGH CODE	SIDE SETBACK	REAR SETBACK
R-1:	§340-12. D. – E.	25 feet	15 feet
R-2	§340-17. D. – E.	15 feet	10 feet
R-3	Subject to regulations of Homeowner's Association		
VC	§340-32. M.	5 feet	5 feet

* Accessory structures up to 300 SF in size & without permanent foundations may be within 5' of a side or rear yard.

- Whenever there is 2,000 sq. feet or more of earth disturbance a Grading Permit is also required. Submission of "Grading Permit Application" to be simultaneous with all other Zoning Permit Applications and prior to all Building Permit Applications.
